

VICTORY LOAN CAMPAIGN NOW IN FULL SWING

The campaign to secure subscriptions of \$476,200 to the Victory Loan was launched yesterday by County Chairman Temple, but the canvass of the city did not begin until today. A meeting of the city solicitors was held at the federal building at ten o'clock this forenoon, when the solicitors were assigned the territory in which they are to work, and were supplied with the necessary blanks. At the close of this meeting a number of the solicitors began work, especially those who were assigned blocks in the business districts with a view of winding up the work as quickly as possible.

The committee appointed to solicit from railroad employees began work yesterday and succeeded in obtaining quite a number of subscriptions during the day.

No reports from country towns and precincts had been received up to the time of going to press this forenoon, but it is presumed that the campaign was started yesterday as originally outlined.

At the three banks of the city a number of applications for bonds were taken, and A. Coolidge, living north of the river unsolicited called on Chairman Temple and subscribed for \$1,000.

Chairman Temple says that indications are that the present loan quota will be more easy to secure than the preceding ones.

More and more people are being interested in closed cars, for their family use. I would suggest that you inspect the new Dodge Brothers and Chandler Sedans, both four door models.

J. V. Romigh—Dealer.

A girl baby was born Friday morning to Mr. and Mrs. Joe Souders. The mother and daughter are at the General hospital and are getting along nicely.

WILL INAUGURATE TRANSPORT SERVICE TO MCCOOK.

Beginning May 1st, the Davis Auto Co. will inaugurate a transport service to Maywood and McCook, using a Nash one and one-half ton truck for the service. At the beginning the service will be tri-weekly, the truck going over one day and returning the next, but, as the traffic develops more trucks will be added and the service will be daily.

This service will open up a new trade territory for North Platte merchants and especially those who do a wholesale business. One of the firms that will be largely benefited will be the Stacy Mercantile Co., which through this service will be enabled to supply a section that could not heretofore be reached by reason of the round-about railroad routing.

The Davis Co. will make a trial trip this week in order to establish stations, make out a schedule and attend to other preliminary work.

While the purpose of this transport service is to handle freight traffic, passengers who desire to make the trip on a truck will be taken.

Easter Services Well Attended.
Easter services at the city churches were largely attended, there was a profusion of floral decorations, sermons appropriate to the day were delivered and the choirs rendered special programs. Friday evening the Lutheran choir rendered "The Crucifixion," and Sunday afternoon the Methodist choir, assisted by an augmented orchestra gave a cantata.

For Sale
2 1/2 acres, alfalfa, choicest soil, good 7 room house with basement, garage, chicken house, private irrigation plant, An Ideal Home. Acreage can be subdivided into lots. Phone me about this.
O. H. THOELECKE.

VICTORY LOAN PAYMENTS ARE MADE VERY EASY

The payments on the Victory loan notes are such that it makes it very easy for the subscribers to meet the installments if he can not pay cash at the time that he subscribes.

The installment plan is as follows: Ten percent at time of subscription, ten percent on July 15th, twenty percent August 12th, twenty percent September 9th, twenty percent October 7th and twenty percent with accrued interest November 11th. No payments are asked in June for the reason that the income tax will furnish the treasury with all the money needed for that month.

It will thus be seen that the subscriber has a period of over six months in which to make his payments, and eighty percent of the payments will be called for after the farmer has had an opportunity to market at least part of his wheat crop. It is conceded by all that these Victory notes are a splendid investment, bearing as they do the four and three quarters percent interest and payable in four years.

Run Down by Auto.
Sunday evening while J. F. Fillion was riding up town on his bicycle he was run down by an auto traveling in the same direction driven by a man named Bennett who seems to have lost his head and shoved in the accelerator instead of the brake. Fillion was thrown beneath the car and sustained a dislocation of the right shoulder, a bad cut on the head and bruises on the face and body. Bennett conveyed Fillion to the Twinn hospital where the latter was given proper attention and yesterday afternoon was taken to his home. Bennett acknowledged that he was at fault and was very solicitous that Mr. Fillion receive proper medical attention.

Earl Brown, fourteen years of age, was taken before Judge Woodhurst yesterday on the charge of delinquency filed by Truant Officer Elliott. Evidence showed that the boy had not been at school this term, and the testimony of the father was that Earl had an awful temper. The boy was paroled to his father for a period of thirty days.

A new lot of first class dresses just arrived. E. T. Tramp & Sons.

Two farmers marketed hogs in town yesterday, one receiving about \$1,000, the other \$900. After receiving their checks both walked into the First National bank and unsolicited subscribed for Victory loan notes, one taking \$400 worth, the other \$350.

That war tank which was to have visited us last Saturday has evidently gone to the bow-wow, at least no word has been received as to when we may expect it.

Dr. Marie Ames will go to Omaha to see Dr. A. J. Ames who met with an accident at Potter and was sent to an Omaha hospital for treatment.

STOP, THINK AND LISTEN
We write Tornado Insurance on Farm and City Property at lowest rates. Don't neglect it like you do your health, but call the doctor now, Woodhurst's Ins. Agency, Room 8, Reynolds Building, Mrs. Kelso, Manager.

APPROPRIATION OF \$68,000 FOR NORTH PLATTE SUB STATION

Senator W. V. Hoagland returned from Lincoln Saturday and informed the Tribune that the bill appropriating \$5,000 for a poultry farm addition to the North Platte sub station had passed both houses. In these days when poultry is so valuable an adjunct to the average farm, the addition of this department to the sub station is in line with the desire to give the farmer the advantage of demonstrations and experiments in all lines in which he is interested.

The total appropriation for the North Platte sub-station for the next two years is sixty-eight thousand dollars. This is for the maintenance of the sub-station and for a number of improvements which have been suggested and planned by Supt. Snyder and endorsed by the head of the agricultural college. These improvements will add to the efficiency of the general work of the station.

It is not improbable that at some future time the agricultural school at Curtis will be removed to North Platte sub-station. The Curtis school is somewhat of a failure so far as attendance is concerned, and it is now generally conceded that a mistake was made in not locating it at North Platte in conjunction with the sub-station.

May Wreck Peace Machine.
A Berlin dispatch dated yesterday says: "German peace delegates, going to Paris, are bent on wrecking the allied peace machine. This is apparent from the press comment made throughout Germany and by statements credited to members of the foreign office. The peace commission is slated to leave Tuesday morning for Versailles."

The general impression is being created over all Germany that the peace delegates will go into the Versailles meeting and turn down the allied terms, threatening that the government of Germany will be turned over to the bolshevik and risking the chance of having their bluff called. The foreign office holds that in taking such a course 'Germany places herself in a position similar to that of America, which prompted that country to enter the war. Everything hints that the Germans will try to play the role of dictators rather than vanquished.'

Charles McDonald has been in a critical condition for several days due to pneumonia. Last evening attending physicians did not think he could live through the night, and members of the family were summoned. About one o'clock he rallied, and this morning he reported somewhat improved. Along with the pneumonia there is trouble with heart action.

In the case of L. M. Bailey, who was charged with selling mortgaged property, and who had been held in jail awaiting trial, was called in the counting court yesterday but the prosecuting witness "laid down," the case having been settled by Bailey making good the amount. Bailey lived in the Hershey section.

Word has just been received that Mrs. W. A. Murdock, grand president of the G. I. A., had passed away April 17th after a very brief illness. Mrs. Murdock was quite well known here as she had visited the local chapter several times.

Miss Hilma Sjogren spent the week end in Rockville visiting friends.

The American War Mothers will hold a meeting at the federal building Friday evening at eight o'clock.

For Sale—Two Jersey cows. Phone Black 1123.

THE NEW AUTO LICENSE LAW NOW IN EFFECT

The new auto law passed by the legislature with emergency clause is now in effect, and from this time forward purchasers of cars must pay the increased license. This year's license is \$10 for cars weighing 2000 pounds or under and fifty cents additional for each 100 pounds over 2000. Auto dealers must report to the county treasurer each car they sell, the name of the purchaser, the make of the car, the weight and other information.

Twenty-five per cent of the license fee is turned into the county dragging fund, and the remaining seventy-five per cent goes to the state engineering department but must be used on roads within the county in which the license is paid. The state engineer, however, designates the roads on which the money is to be expended.

There are about 3000 cars in Lincoln county and after this year this license will create a fund of between \$35,000 and \$40,000. This is nearly double the amount of money which in years past has been available for road work in the county. With these additional funds a marked improvement can be made in our roads.

Organize for Campaign.
The half dozen or more employees who went to Omaha Friday to attend the railroad Victory loan committee meeting, returned Sunday and organized for the campaign yesterday. The committee is occupying an office in the depot building and began soliciting subscriptions immediately after organizing. Every Union Pacific employee at this terminal will be solicited the subscriptions from this source will probably not be less than one-third of the quota for Lincoln county.

Sign Primary Bill
Governor McKelvie has signed the bill amending the statewide primary law so that all state officers below that of governor shall hereafter be nominated in convention instead of at primaries. United States senators, representatives in congress and members of the legislature are nominated at primary elections.

Many Soldiers Pass Through
Seven special trains carrying 2,876 officers and men who had been in overseas service, passed west Friday afternoon, Friday night and Saturday. These men were part of the 91st division and were enroute to California for demobilization.

Turner Fined \$100.
Chas. Turner, colored, charged with the illegal possession of liquor, had a hearing before Judge Woodhurst Saturday and was fined \$100 and costs. Turner gave notice of appeal to the district court.

The smoothness, the lightness, the responsiveness of the Chandler is most noticeable, and the 15 or more miles to the gallon of gas, which these cars deliver is a result of careful and high grade manufacture.
